God made the walls of Jericho fall

### **Talk About the Scripture at Home**

After Moses died, Joshua became the leader of the Israelites. God led them into the promised land, to a city called Jericho. The city was protected by high walls. Two Israelite spies found a way into a Rahab's house since she lived inside the wall. The king of Jericho ordered his soldiers to capture the men, but Rahab knew about God and protected them by hiding them on her roof. When the soldiers came, she told them that the spies had already gone and that if they hurried they could catch them! So the soldiers quickly ran to find them. She let the spies go and they thanked her for helping them! They promised to save her and her family.

After the spies were safely home, God told Joshua to march the army around Jericho with the priests blowing their horns. He told them to do this once a day for six days. On the seventh day he told them to march around the city seven times! Joshua listened to God and did exactly as God said. The priests blew their trumpets. The soldiers shouted as loud as they could. Then the great walls of Jericho came tumbling down! The Israelite army rushed in and took over the city. The spies kept their promise to Rahab and her whole family was saved! God provided a way for His people.
